# Luxo: The First 80 Years

**1934**  
Luxo founded by Jac Jacobsen

**1937**  
L1: Luxo's architect lamp first manufactured and produced in Norway

**1954**  
First production plant opens in Tuckahoe, NY USA

**1967**  
Manufacturing begins in Kirkenær, Norway

**1974**  
K-arm with internal springs introduced

**1986**  
Luxo Jr.: First film produced by Pixar Animation Studios

**1990**  
System 1: Luxo's first halogen task lighting system introduced

**1997**  
Vision reintroduced as industry's first dimmable electronic-ballasted task light

**2004**  
Arketto LED: Luxo's first LED task light introduced

**2013**  
Luxo's iconic L1 redesigned with an energy-efficient LED lightsource.

**LUXO COMPANIES OPEN IN:**

**1939**  
Sweden

**1949**  
Denmark

**1953**  
Canada

**1951**  
USA

**1966**  
Germany

**1967**  
Italy

**1977**  
Launch of asymmetric lighting with L-201

**1981**  
PL-410: Industry's first fluorescent asymmetric task light on a Karm introduced

**1986**  
Thin One and Slim Line: First undercabinet lights introduced

**1992**  
Luxo Space Saver System (LSS): First attempt by a manufacturer to completely integrate all products into office panel systems

**1998**  
Luxo goes public on the Norwegian stock exchange

**1996**  
Luxo establishes and launches the 2-component approach to lighting

**2008**  
Introduction of Ninety, the world's most energy-efficient LED task light. Best of NeoCon Gold.

**2001**  
Wing task light developed for Designworks USA, subsidiary of BMW

**2012**  
360 redefined adjustability and won Best of NeoCon Gold.

## L-1 Story

For 80 years we have designed innovative ergonomic lighting products and concepts, aiming to improve lighting conditions, while taking particular care of individual needs.

Our history of lighting for the individual began with the development of the L-1 task light by Jac Jacobsen in 1937. The freedom of movement and the ability to place light exactly where needed forever changed our working environments. Ergonomic workplace lighting became a Luxo trademark, providing what we call "the right light".

L-1 remains a classic because of its unique and advanced spring-balanced arm technology, combined with high light output and iconic design features. Now available with either a compact fluorescent or LED lightsource.

Jac Jacobsen  
(1901-1996)

## Everything Follows the Eyes

Vision accounts for greater than 80 percent of sensory perception.

# Product Guide

## 360

LED lighting

Distinctively designed award-winning LED task light with outstanding functionality. The rotating base and flexible spring-balanced pivoting arm occupy a small footprint when the task light head is positioned over the base. When fully extended, the light covers a large area providing broad, asymmetric and ergonomically correct workspace lighting. Efficiency is further achieved with a dimmable lightsource and automatic shut-off to ensure energy savings.

### Designer

Stephan Copeland

### Warranty

5 year, 3-shift, L70

# Ovelo

## LED lighting

With its unique design and all metal construction, this impressive task light will stand out in any office environment. A covered spring-balanced arm design provides complete flexibility of the pivoting arm and lamp head, yet its overall size is modest. Ovelo uses dimmable LEDs to illuminate an entire worksurface and incorporates automatic shut-off to further enhance energy savings.

### Designer

Stephan Copeland

### Warranty

5 year, 3-shift, L-70

# Ninety

LED lighting

As the winner of numerous international awards for design and functionality, Ninety combines energy-efficiency with asymmetric light distribution. Bright, warm light and superb color rendering make it suitable for any modern office environment. A spring-balanced arm, double-action rotating base, and sleek head give Ninety excellent range of motion. It is dimmable and incorporates energy-saving automatic shutoff functionality.

**Designer**

Shawn K. Littrell

**Warranty**

5 year, 3-shift, L70

## L-1 LED

LED lighting

The classic L-1 is now available with an LED light source. With its timeless design and automatic shut-off and dimming features, L-1 LED is fully adaptable wherever energy-efficiency, versatility and quality are sought.

**Designer**  
Jac Jacobsen

**Warranty**  
5 year, 3-shift, L-70

# Split

## LED lighting

This high output task light is ideal for large demanding workspaces and for tasks requiring extra illumination. With twice the light output as other task lights, Split produces broad, directional light across the workspace. It is dimmable and equipped with an automatic shut-off to save additional energy. Split is also available with an integrated PIR sensor.

### Designer

Aleksander Borgenhov

### Warranty

5 year, 3-shift, L-70

# Terea

## LED lighting

This task light combines energy-efficient LEDs, ergonomics and compact design for an incomparable value. Terea, which efficiently and cost-effectively illuminates any worksurface with maintenance-free operation, better articulates its ergonomics with the effortless tilt of its arm and yaw and tilt of its head. This allows the light to fall exactly where needed, providing optimal lighting and functionality.

**Designer**  
Ryann Aoukar and Luxo

**Warranty**  
5 year, 3-shift, L70

## L-1

### Compact Fluorescent lighting

L-1 is the world's first original architect lamp and has earned a place among all-time classics. With its unique design, ingenious lighting properties and flexible spring-balanced arm, L-1 is a prime example of how versatility, quality and stylish design produce an enduring icon. Since its creation, more than 25 million lamps have been sold worldwide.

#### Designer

Jac Jacobsen

#### Warranty

5 year, 3-shift, L-70

# More Luxo Task Lighting...

## Air LED

LED lighting

This asymmetric task light features a feather-light spring-balanced arm and streamlined design. Air LED now includes dimming and automatic shut-off features to further boost energy-efficiency. With its clear expression, timeless design and excellent light distribution, Air LED is a proven choice for the modern office task light.

### Designer

Jukka Setälä

### Warranty

5 year, 3-shift, L-70

## Spire

LED lighting

This low profile diffused LED undercabinet task light eliminates shadows and hotspots while distributing even and comfortable illumination on the worksurface. A patented frosted acrylic diffuser and effective cooling mechanism help maximize LED performance. Includes both magnet mounts and screw mounts for ease of installation in any application. Daisy chainable.

### Warranty

5 year, 3-shift, L-70
